**PERMIT FEE \$ 50.00**

**Work Commencing Without a Permit:** Where any work for which a permit is required is started without such a permit having been issued, the applicable fees shall be doubled. (This includes permits for Building, Electrical, Plumbing, Mechanical, Gas Etc.) I hereby certify that I have read and examined this document and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. Granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

**\* All construction materials must be removed from the site (including the foundation in its entirety) and all disturbed areas must be seeded and strawed to establish proper vegetative cover, or the contractor will be subject to re-inspection fees and/or citations.**
