Residential Accessory Structure Permit Application

All contractors are required to have a Georgia Contractor's License and a business license from a Georgia municipality!

\*Note: A separate permit is required for each and every building or structure on which work is to be done. If building contains more than (1) dwelling unit, list addresses of all units in which work will be done.

Expiration of Permits: All permits expire 6 months after the last required inspection that has been passed, or 6 months after the date of issue if no required inspections have been approved. The Building Official may issue a 6 month extension if any permit, (for due cause), if requested in writing by the permit holder prior to such a permit expiring.

NO PERMIT REQUIRED FOR RESIDENTIAL ACCESSORY STRUCTURE 120 SQ.FT. OR LESS REQUIREMENTS

- 1. All accessory structure/buildings must be subordinate to the principal building on every lot. The principal building is the main house on the lot. In order to achieve this, the following conditions must be met:
a. The accessory structures/buildings cannot be more than 1/2 (50%) of the size in square footage of the principal building on the lot.
b. The accessory structures/buildings cannot be taller than the principal building on the lot. The heights are measured from the highest point of the roof to the lowest point of the ground anywhere around the perimeter of the building or structure.
c. The largest dimension of the accessory structure/building cannot exceed the shortest dimension of the principal building on the lot.
2. All accessory structures/buildings must be at least ten feet (10') at every point from any property line or as DESIGNATED BY ZONING.
3. All accessory structures/buildings must be in the side or rear yard.
