RACKING PERMIT APPLICATION

*Note: A separate permit is required for each and every building, structure or suite on which work is to be done. If building contains More than (1) dwelling unit, list the addresses of all units in which work will be done.

All racking must be compliant with the latest specifications of the "Rack Manufacturers Institute" (www.mhia.org), and be engineer stamped and sealed for installation in the applicable seismic design category.

Expiration of Permits: All permits expire 6 months after the last required inspection that has been passed, or 6 months after the date of issue if no required inspections have been approved. The Building Official may issue a 6 month extension if any permit, (for due cause), if requested in writing by the permit holder prior to such a permit expiring.

All contractors are required to have a business license from a Georgia municipality!

Job Description:

Re-inspection Fees: \$50.00 each Occurrence

Work Commencing Without a Permit: Where any work for which a permit is required is started without such a permit having been issued, the applicable fees shall be doubled. (This includes permits for Building, Electrical, Plumbing, Mechanical, Gas Etc.) The payment of such a double fee shall not relieve any persons from fully complying with the requirements if all applicable codes and City Ordinances including on work already performed, concealed or otherwise not inspected, nor shall it relieve them from any other penalties as may be prescribed by law.

I hereby certify that I have read and examined this document and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. Granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.
