**Is your teenager's life worth two hours of your time?**

**Register today!**

*Note: This is a **FREE**, two-hour course designed to help parents and their new teen drivers, ages 14-16, learn what they need to do during the 40 hours of supervised practice driving time (20 hours of supervised practice driving time is required, if the teen successfully completes driver's education).*

*This is a program that addresses driver attitude, knowledge and behavior, rather than a technical hands-on driver training course.*

*While completion of this course **may** reduce insurance rates, it does **not** count toward the required 40 hours of supervised driving practice.*
